

HNZ Head Coach U18 Men and Women

• Development Leadership & Coaching •

Hockey New Zealand's vision is to be the World's Best Hockey Nation. The Hockey New Zealand Development programme supports the High-Performance teams by developing Players and Coaches to win on the World Stage and by having the Right Players with the Right Coaches at the Right Time. An integral part of this development is the New Zealand U18 Men's and Women's programmes.

The focus of these influential coaching roles within the Performance Coaching team, will be responsible for leading a player centred U18 development programme.

To be considered for this role, you will have a strong passion for hockey and developing others, proven experience in developing and delivering age and stage appropriate hockey outcomes, and be driven to learn and grow.

Effectively having managed long term player development and leading players and staff individual development will be sought after skills, along with well-developed interpersonal, oral and written communication abilities. Sound understanding of the Hockey New Zealand landscape and various coaching styles and techniques, are also sought-after requirements for the role.

This is a challenging and exciting role, and a unique opportunity for a skilled performance coach to join an organisation with a great team and strong culture.
