FIH Academy Coach Educators course:

Who: Current individuals leading the development of coaches who meet the entry criteria.

When: Evening of the 31st August to the evening of the 2nd September 2019.

Where: Rockhampton, Queensland, Australia. Further details will be provided to selected candidates

What: The course will be a combination of trainer and candidate led contemporary classroom and practical sessions

Cost: \$175 AUD and includes: Lunch and Coffee Breaks from 1st and 2nd September 2019 and Course materials.

Accommodation and transport: Option to purchase a package that includes full board accommodation and transport. Payment is the responsibility of the participant and it does not include flights. This information will come available once candidates are selected

Entry criteria: Educator candidates are nominated under the criteria stated below.

- The candidate must be nominated by a Continental Federation or National Association
- Candidates with recognised experience in acting at a National Elite Level in their Educator area of expertise will be given preference
- Candidates holding a relevant FIH Academy Level 3 award (or equivalent) will be given preference
- Candidates must have recognised experience in educating adults
- Candidates should be open minded, adaptable and willing to learn with others
- Candidates must be available to deliver at least 2 FIH Academy Courses per year
- Candidates must agree to complete FIH Academy pre-course tasks
- Candidates must have at least English proficiency B1 or equivalent

Competency assessment: candidates will need to demonstrate the following knowledge, skills and competencies at the end of the course, in order to be awarded and to maintain an Educator status.

- Use consistently a learner centred approach within a training environment
- Use presentation skills to share information clearly and concisely
- Create an interactive environment where learners participate actively and frequently
- Demonstrate good listening skills
- Demonstrate good communication skills
- Demonstrate expert technical knowledge within the Education level required
- Use self-reflection to design and implement learner competency development
- Facilitate training sessions using a competency-based framework
